

Product Specification

Small Batch Sieving

200-S

A 200mm diameter sieve designed to sit directly on top of a container.

A circular frame supports the sieve so that ingredients can be tipped into the top and check sieved into a container below.

The Sievmaster 200-S can be used for straining liquids as well as dry ingredients. It comes with three interchangeable mesh inserts for coarse, medium & fine/liquid applications.

Features & Benefits

- Easy-Clean hygienic design, no crevices
- Conforms to CE, UKCA, FDA, EC 1935/2004 and ANIA regulations
- No tool, quick change screens
- Wet or dry applications
- Dust and waterproof to at least IP65
- Open top hopper for ease of dispensing
- All stainless steel body and contact parts
- Low maintenance/running costs – tool free disassembly & minimal servicing
